

ARTificial Reality: *Paint Park* with Alison Goodyear

Key Stages 3-5, Painting in Virtual Reality / £9 per pupil*

Selected dates throughout February 2020

A special edition of our *ARTificial Reality* offer which gives your pupils an unmissable opportunity to paint in virtual reality (VR) with artist, Alison Goodyear.

Topsy, Turvy (2019) VR Painting, Alison Goodyear

Throughout February 2020, MK Gallery's Project Space will host *Paint Park* - a dynamic installation created by artist, Alison Goodyear, which explores the possibilities of 'phygital' painting, where digital and physical painting intersect. Pupils will take part in a unique, inspiring three-part experience focussing on the physical and digital possibilities of paint:

Paint Park

Pupils will work with Alison Goodyear to explore, analyse and discuss the expanded field of painting. Alongside an artist's talk with Q+A and a short film about the making of the works, pupils will don VR headsets and plunge into a fantastical realm of VR painting. Pupils will also be supported by Alison to create their own VR paintings. Find out more about Alison's work [here](#).

MK Calling 2020

Pupils will join one of our Learning Scouts on a tour of *MK Calling 2020*, MK Gallery's open call group exhibition showcasing, amongst other art forms, the most dynamic painting being made today.

Vertigo VR

Pupils will join our next-door neighbours at Vertigo VR where they will be supported by staff to experiment with *Tilt Brush* by Google, some of the latest digital technology inspiring painters today. Find out more about Vertigo VR [here](#).

Information

National Curriculum outcomes:

Pupils will: use a range of techniques and media, including painting; increase their proficiency in the handling of different materials; analyse and evaluate the work of others. (Art & Design)

Assessment Objectives:

Pupils will: Develop ideas through investigations, demonstrating critical understanding of sources.

Cross curricular links: Computer Science and ICT.
